

CASA DRAGONES

TEQUILA AÑEJO

AN EXTRAORDINARY BARREL BLEND

100% Blue Agave Añejo tequila matured in two different wood barrels, new French Oak and new American Oak, each selected for their individual flavor and characteristics. At the end of the aging process, we artfully blend both barrel styles together to create an expression of woods and agave unlike any other.

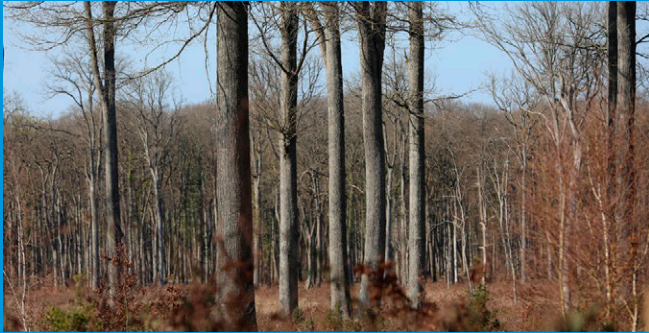

Casa Dragones Añejo is best served neat or with a small ice cube.

“A luxurious sipping tequila matured in French and American oak...a refreshing alternative to gifting a bottle of scotch.”

—*Food&Wine*

“You have another winner. It’s beautiful and the body and color are extraordinary.”

—*Chef Thomas Keller, Chef-Proprietor,
The French Laundry & Per Se*

BODY & COLOR

Light caramel, with bright hues and pronounced legs.

AROMA

Fresh floral, pear with notes of figs and almonds.

TASTE

Notes of macadamia, nutmeg and blackberry.

FINISH

Long round finish, notes of cacao, spicy black pepper.

OUR JOURNEY BEGINS

Our journey of taste begins with a small-batch, modern, sustainable method of tequila production —meticulously handcrafting each bottle to deliver an extraordinary sipping experience. Casa Dragones Barrel Blend, a 100% Blue Agave Añejo tequila, achieves its distinctive character from being matured in two different wood barrels: new French Oak and new American Oak, each selected for its unique flavor and characteristics.

AN EXPLORATION OF WOOD

Working with one of France’s most respected cooperages, our Maestro Tequilero and Master Cooper expertly crafted two custom-made oak barrels to age our tequila—finding the perfect blend of wood to complement, not overpower, the signature taste of Casa Dragones.

A TALE OF TWO BARRELS

The wood used for our new French Oak barrels is a proprietary blend of 100% Quercus Sessile Oak, sustainably sourced from five different forests in the center of France. It is then custom toasted to impart roundness and light spicy notes while respecting the minerality of the soil.

Our new American Oak barrels receive a custom medium toast, enhancing the complexity of the agave and delivering a beautiful aromatic intensity.

AN EXTRAORDINARY BARREL BLEND

At the end of the aging process, we artfully blend both barrel styles to create infinite richness and an agave-forward taste profile that is both elegant and smooth.

This is the journey of Casa Dragones Barrel Blend—an expression of woods and agave unlike any other.
